

ABN AMRO is a leading international bank and one of the world's largest financial institutions. We have over 100,000 employees worldwide, working on the ground in more than 60 countries.

ABN AMRO operates through a matrix of client and product business units, which develop and deliver products for all our clients globally. Our relationship-based approach and client-led strategy creates value for a comprehensive spectrum of clients, ranging from mass retail to high net worth individuals, corporate and institutional clients.

Our strong corporate culture is based on integrity, teamwork, respect and professionalism, which enable us to make more possible for our clients and our people alike. We believe it's a unique culture within the financial sector. It's a culture where people who are open to new ideas, who aren't afraid to voice their opinions and who are prepared to listen to other people's views will thrive.

Summer Internship Opportunities

If you are in your penultimate year (graduating in 2008) of an undergraduate degree, Masters or PhD, an internship is the ideal opportunity for you to find out whether a career in banking, and at ABN AMRO, is right for you. Perform well and you may be rewarded with a full-time graduate offer.

As an integral part of our 2007 London Summer Internship Programme, we are currently offering opportunities for high potential undergraduates in their penultimate year of study to join our Summer Internship Programme in areas such as Vendor Management, Telecoms and Network Services and Strategic Development and Integration.

With an outsourced technical platform, our emphasis is as much on commercial focus and the ability to respond to business needs as on technical expertise. We are looking for highly ambitious, enthusiastic graduates with a genuine and demonstrated interest in how Technology works and how it supports the dynamic world of investment banking. We welcome applications from all degree disciplines, however, place particular emphasis on such subjects as **business management, finance, business studies, computer science and economics.**

In London, our 2007 summer internship programme will commence on Monday 2nd July, for a period of eight weeks, to Friday 24th August 2007.

To apply online for the 2007 London Summer Internship programme, please visit www.graduate.abnamro.com. Successful candidates will be invited to attend a competency-based assessment centre. The closing date for applications is **Sunday 18th February 2007.**
