Paid Industrial Placement Opportunities in Web Development

Internet French Property (IFP – www.french-property.com) provides advertising services to French real estate agents wishing to reach the Anglophone market. IFP is providing full time Web Development positions for 12-15 months to candidates presently studying for a degree in software and web development. These positions provide a perfect opportunity for candidates to gain experience working within a solely Internet based operation.

The Opportunity

Join a rapidly expanding yet close-knit and friendly team to assist with the development of commercial production systems. You will be assigned to develop web based advertising and property management systems.

You will gain experience of web and server development with a number of languages / technologies including, but not limited to:

- PHP5
- C/C++
- OOP
- XML
- XSLT
- XPath
- SOAP
- XHTML
- CSS
- JavaScript and Ajax
- Oracle 10g
- MySQL
- Linux / BSD

You will also be responsible for system design / research as well as documentation of your work.

Requirements
All candidates will have to have at minimum a basic level of language independent procedural and object oriented programming understanding. Knowledge of database programming and server / network administration / protocols is desired but not essential.

Duration

The placements last between 12-15 months starting summer 2007. The working week is for 37.5 hours (09:00-17:30 Monday-Friday). There are 20 days paid holiday per year pro-rata, as well as further paid holiday between Christmas and New Year.

Location

Placements are undertaken in the head office in central Southend-on-Sea, Essex.

Accommodation

Whilst IFP do not provide any accommodation, they are able to assist with the sourcing of accommodation on behalf of candidates.

Salary

Salary details will be given upon application.

Application

If you are interested in applying for one of these positions, please send a copy of your cv to rob.monk@french-property.com. Please do not hesitate to email Rob Monk if you have any other queries.
